I Reference management software (RMS)

Cosa sono

Software che permettono di creare e gestire in modo automatico una bibliografia generando descrizioni bibliografiche:

- uniformi
- nello stile citazionale desiderato
- ordinate

Quali sono i RMS

ce ne sono diversi, alcuni gratuiti altri a pagamento

EndNote accessibile tramite l'abbonamento a WoS, solo web

Zotero gratuito, curato da *Roy Rosenzweig Center for History and New Media*

Mendeley gratuito, acquisito dall'editore Elsevier

Molti altri... https://en.wikipedia.org/wiki/Comparison_of_reference_management_software

In una bibliografia, affinché il documento citato possa essere identificato è necessario che siano presenti i principali dati (autore, titolo, data).
Lo stile citazionale definisce il modo uniforme in cui questi elementi sono presentati (formato nella nota nel testo, ordine degli elementi, punteggiatura convenzionale)

Coagulopathy in coronavirus infection has been shown to be associated with high mortality with high D-dimers being a particularly important marker for the coagulopathy.¹ In the latest paper from the same group, the use of anticoagulant therapy with heparin was shown to decrease mortality as well.² This is especially so in patients (a) who have met the sepsis induced coagulopathy (SIC) cri-

response.⁶ properties relevant in non-anticoagulant include biomarkers and motaxis an

We are still learning how to adequately manage COVID but the increasing experience shared by extremely dedicated and selfless health-care professionals is sure to make us triumph over this pandemic.

Zotero nel mio paper word : inserisco la prima citazione

The screenshot shows the Microsoft Word interface with the Zotero ribbon active. The 'Add/Edit Bibliography' button is circled in red. A text box on the right states: 'A questo punto anche la citazione viene trascritta sotto «references»'. The document content includes a title 'Titolo mia tesi / il mio paper', two paragraphs of placeholder text, and a 'REFERENCES' section with one citation. A blue box highlights the citation text in the references list.
