I Reference management software (RMS). Gestire la bibliografia con EndNote e Zotero

Laura Testoni :: testoni@unige.it :: 010-3538613

I Reference management software (RMS)

Cosa sono

Software che permettono di creare e gestire in modo automatico una bibliografia generando descrizioni bibliografiche:

- uniformi
- nello stile citazionale desiderato

Quali sono i RMS

ce ne sono diversi, alcuni gratuiti altri a pagamento

EndNote accessibile tramite l'abbonamento a WoS, solo web

Zotero gratuito, curato da *Roy Rosenzweig Center for History and New Media*

Mendeley gratuito, acquisito dall'editore Elsevier

Molti altri... https://en.wikipedia.org/wiki/Comparison_of_reference_management_software

Cosa è uno «stile citazionale»

In una bibliografia, affinché il documento citato possa essere identificato è necessario che siano presenti i principali dati (autore, titolo, data).

Lo stile citazionale definisce il modo uniforme in cui questi elementi sono presentati (formato nella nota nel testo, ordine degli elementi, punteggiatura convenzionale)

Coagulopathy in coronavirus infection has been shown to be associated with high mortality with high D-dimers being a particularly important marker for the coagulopathy.¹ In the latest paper from the same group, the use of anticoagulant therapy with heparin was shown to decrease mortality as well.² This is especially so in patients (a) who have met the sepsis induced coagulopathy (SIC) cri-

response.⁶ properties relevant in non-anticoagulant therapy include biomarkers and motaxis an

We are still learning how to adequately manage COVID but the increasing experience shared by extremely dedicated and selfless health-care professionals is sure to make us triumph over this pandemic.

Zotero nel mio paper word : inserisco la prima citazione

Scelgo la citazione e clicco su **OK**

The screenshot shows the Microsoft Word interface with the Zotero ribbon active. The 'Zotero' ribbon includes options like 'Add/Edit Citation', 'Add Note', 'Add/Edit Bibliography', 'Document Preferences', 'Refresh', and 'Unlink Citations'. The 'Aggiungi o modifica citazione' dialog box is open, displaying a search bar at the top with the text 'Tutto'. Below the search bar is a list of citations. The first citation, 'COVID-19, Low-Molecular-Weight Hep...', is highlighted and circled in red. The dialog also features input fields for 'Prefisso:', 'Suffisso:', and 'Pagina', along with a checkbox for 'Ometti l'autore'. At the bottom, there are buttons for 'Mostra l'editor...', 'Fonti multiple...', 'Cancel', and 'OK', with the 'OK' button circled in red.
